PROFESSIONAL SUMMARY

I am a passionate Web Developer specializing in Python, Django, and Django Rest Framework (DRF), with expertise in building scalable backend systems and RESTful APIs. With hands-on experience in MySQL, authentication, security best practices, and cloud deployment, I focus on creating efficient and secure applications. As a problem-solver and team leader, I continuously expand my skills in AI/ML and data-driven backend solutions, aiming to leverage technology for innovative and scalable impact.

SKILLS

Languages

Python, Javascript (ES6+), HTML5, CSS3

Frameworks & Libraries

Django, DRF, Flask, FastAPI, Express, TensorFlow

Cloud & CI/CD

Docker, GitHub CI/CD

Databases

MySQL, PostgreSQL, MongoDB, SQLite

Soft Skills

I have strong leadership, problem-solving, effective communication, adaptability, time management, critical thinking, and attention to detail skills.

Tools

Docker, Kubernetes, RabbitMQ, Redis, Nginx, Apache Kafka, Maven, Webpack,

APIs

GraphQL, RESTful, SOAP

PROFESSIONAL EXPERIENCE

Backend Developer

01/2025 – present
Remote

100 Days of Coding Challenge

- Engaging in a structured coding challenge to build projects and explore new technologies.
- Working on various real-world applications, improving problem-solving skills, and deepening expertise in Django, APIs, automation, and AI-related tools.
- Documenting progress and sharing insights on platforms like GitHub and LinkedIn.

Intern – Police Air Wing (Nigeria Police Force)

04/2024 – 10/2024
Abuja, Nigeria

- Attention to detail with technical log.
- Problem-solving, participated in troubleshooting with the engineers.
- Adherence to procedures.

Business Development and Sales Extern

02/2024 – 03/2024
USA

Thematic

- Research and analysis
- Communication and presentation
- Data-driven decision-making

PROJECTS

Smartnote – Django-Based Engineering Study Tool

- Built a Django web application to assist engineering students with organized note-taking and collaboration.
- Implemented a base template for reusable and consistent UI components.

Ayubuy – E-commerce Website

- Developed an e-commerce platform, handling backend development and API integration using Django..

Portfolio Website (Django Framework)

- Designed and built a personal portfolio showcasing projects, skills, and contact form.

TeleMed – Comprehensive Telemedicine Platform

- Developed a telemedicine application to connect patients with healthcare providers.
- Designed the frontend using HTML, CSS, and JavaScript while managing backend services with Node.js and MySQL.

WeatherHive- A Weather Website

- Developed a weather web application that receives the location and give the weather condition over there.

PERSONALITY

I am a proactive and adaptable professional with a strong drive for continuous learning and growth. With a keen analytical mindset, I thrive in dynamic environments that push my problem-solving skills. I prioritize collaboration and clear communication to ensure projects are executed efficiently and innovatively. Beyond work, I actively engage in volunteer initiatives that promote education and technology empowerment.

CERTIFICATES

- [PLP Software Development Certificate](#)  • [Breket Academy](#)  • [Project Management Certificate](#) 
- [Aspire Leadership Program Certificate](#) 

EDUCATION

B.Eng Aerospace Engineering

Air Force Institute of Technology, Kaduna

04/2020 – 08/2025

Kaduna, Nigeria

LEADERSHIP & COMMUNITY INVOLVEMENT

Group Leader – Power Learn Project Africa

- Led a team of learners, facilitating knowledge sharing and project collaboration.

Organizer – Goal-Setting Webinar

- Hosted a webinar to mentor aspiring professionals on setting and achieving career goals.
